ENGLISH

MALAYALAM

Professional Summary

- Highly motivated and result-oriented Msc computer science in Data analytics Student with a solid foundation in Bsc Physics. Currently pursuing a Masters Degree in computer data analytics, I am eager to apply my strong analytical skills and technical expertise in extracting valuable insights from complex dataset. My background in Physics has equipped me with a rigorous approach to problem-solving and a deep appreciation for quantitative analysis. Transitioning into the field of computer science and specializing in data analytics, I have developed proficiency in various data mining techniques, statistical analysis, machine learning algorithms. With a keen eye for detail and a passion for leveraging data-driven decision-making, I am committed to contributing to the success of this organization in the dynamic world of data analytics
